

On the 1st July 2007 new legislation will come into force in England, to make workplaces and public places smokefree.

Premises and vehicles will be required to have no-smoking signs at each entrance, displayed in a prominent position.

This includes churches

What other signs could we introduce?...

**No
arriving
late!**

**No
sweet
unwrapping
in the
sermon**

**No
snoring
during
the
sermon**

**No foreign
coins
in the
collection**

**No
crying
Babies.**

**Even
though
we say
we want
children
in church!**

**When asked
to give
a sign
Jesus refused**

So should we!
